NoHo USTA leagues are governed by, in hierarchical order, the *ITF Rules of Tennis*, USTA regulations and interpretations, USTA Texas Section regulations, and the rules of the NoHo USTA. NoHo USTA rules will never contradict USTA regulations, and USTA regulations will be repeated or referenced in this document only if merited due to specific relevance or frequent questions. Refer to the USTA's Website (usta.com) the Texas Section's website (usta.texas.com) or the NoHo website (noho.usta.com).

NoHo adult leagues will follow the *2018 USTA League Regulations*, with exceptions as noted in this document, and will always follow "The Code: The Players' Guide for Unofficial Matches."

NATIONAL TENNIS RATING PROGRAM (NTRP)

The National Tennis Rating Program (NTRP) is the official system for determining the levels of competition for USTA leagues. The USTA NTRP Computer Rating System assigns ratings based on play in the local leagues and at championship levels during the current league year. The USTA and NoHo USTA uses this system to determine player skill-level eligibility for the various league types and Age Groups.

NTRP computer ratings are managed exclusively by the USTA. The NoHo USTA does not set or control NTRP ratings.

1.02 (c) Players with no current computer rating must self-rate. Players with expired ratings will not be allowed to self-rate at a lower level than their last valid NTRP rating. For information about self-rating, see the USTA’s Website: www.usta.com/Adult-Tennis/USTA-League/ntrp/. 2.0 SEASON STANDARDS

2.1 SCHEDULING

Items in this Section govern a team's published schedule for a season of play. Regulations for postponed, suspended, or delayed matches can be found in Section 3.03.

- 2.01 (a) NoHo USTA leagues play through the year as scheduled and posted on the nohousta.com website.
- 2.01 (b) League play will be in a format of one or more round robin cycles with the possibility of playoffs after regular-season round robin play. See *USTA League Regulations* item 2.01C(1).
- 2.01 (c) A league season's round robin play will be considered completed one week after the last scheduled match for the overall league, not necessarily an individual flight or sub flight, or as otherwise determined by the League Coordinator.
- 2.01 (d) Once a team declares its home-court venue for a given league season, that location cannot be changed without prior approval of the Local League Coordinator.
- 2.01 (e) With respect to scheduling, it is the responsibility of the home team captain and/or co-captain to ensure that all facility rules are followed, and all necessary and proper arrangements are made, including, but not limited to, court reservations.
- 2.01 (f) Weekday morning team matches will begin at 9:00 am. Individual lines may begin earlier than 9:00 am if both captains agree in writing.

Second round match(es) shall not be scheduled to begin later than 10:30 am and should be agreed upon by both captains in writing.

For leagues involving singles played after May 1st, the singles lines shall play in the first round.

Individual lines will not begin after 12:00 pm unless both captain agree. Lines that cannot begin prior to 12:00 pm will be treated as a rain out.

Start times for rain makeup matches are to be agreed upon by both captains and may begin later than 9:00 am.

2.01 (g) Weekday evening team matches are to be played between 6:30 p.m. and 10:00 p.m. Items 1 through 3 below can be altered only on individual, case by case instances and only by prior written and mutual agreement between team captains. A team's published schedule shall not vary from the following:

(1) Individual line matches in a team match shall not begin earlier than 6:30 pm unless agreed upon by both captains.

(2) In team matches with split start times, at least two individual line matches must be scheduled to start at 6:30 pm and no individual line matches shall be scheduled to start after 8:30 pm.

(3) In a team match where all individual line matches are scheduled to be played at the same time, the matches shall begin no later than 6:30 pm.

2.2 ADMINISTRATION

2.02 (a) Each team shall appoint a team captain to handle administrative affairs and represent the team in USTA matters. Each team may also appoint a co-captain who may serve as acting captain in fulfilling team responsibilities.

2.02 (b) A captain may only captain one team at a time in a league at a given NTRP league level or Age Group.

2.02 (c) A team may have a non-playing captain who may fall outside the NTRP eligibility requirements for that team. A non-playing captain will not appear on the team's roster of players. In order to register as a non-playing captain, you must contact the NoHo USTA Local League Coordinator directly.

2.02 (d) Teams must not default more than 25% of scheduled individual line matches. If a team defaults more than 25% of their individual line matches, the team and captain may face penalties ranging from written reprimand to suspension from future league play.

2.02 (e) Unless the majority of a team is computer rated at the NTRP level in which the team is playing, a team must win 30% of total possible individual line matches to compete on the same level the next league season.

2.02 (f) If any Adult Division Age Group consists of only two teams in a level of play, each team must maintain its roster with at least 40 percent of its players at the designated NTRP level of play. The exception are the Adult Division 55 & Over and 65 & Over Age Groups that use combined NTRP rating levels and will not be required to comply with this rule.

3.0 CONDUCTING A MATCH

3.1 GENERAL RESPONSIBILITIES

- 3.01 (a) The home team captain will decide at what time and on which courts each individual line will play in accordance with the rules of the league and rules of the facility. (Also see Section 2.01.)

For leagues that play 5 lines per team match:

If a home team has 3 courts, 3 lines will play in the first round.

If a home team has 4 courts, 4 lines will play in the first round.

If a home team has 5 courts, all lines may play in the first round. The host or visiting captain may delay one line to a later start time but not later than 1 hour and 15 minutes from the first round scheduled start time

- 3.01 (b) The home team captain or co-captain must contact the visiting team captain or co-captain at least 96 hours prior to the scheduled match to provide individual line match times, directions, facility rules that might affect play, and any other pertinent information. If the visiting team captain or co-captain has not received this information 72 hours prior to the scheduled match, they may contact the home team captain or co-captain to obtain the information. Repeated infraction of this notification rule by a home team captain or co-captain may result in penalties or suspension from league play. (Also see 3.01(d)).
- 3.01 (c) If teams do not communicate with each other, the League Coordinator is to be contacted two (2) days prior to the scheduled match and will determine the match start and individual line times in accordance with league and facility rules.
- 3.01 (d) If the home team fails to explain facility rules in writing to the visiting team, resulting in the visiting team player(s) violating a facility rule and thereby resulting in a visiting team individual line match or team match default, such default shall be charged against the home team and awarded in favor of the visiting team.
- 3.01 (e) For each team match on the date scheduled, the home team captain must assure a minimum of two hard (indoor, outdoor or covered) courts, or the number deemed necessary for a specific league format and in order to complete all individual line matches by the end times described in item 2.01(f). Clay courts are permissible provided the visiting team agrees in writing in advance.
- 3.01 (f) A captain, or acting captain, must be present throughout the entire team match. Should a captain need to leave the match before the end of the entire team match, the captain shall appoint a teammate to act as captain. The captain shall notify the opposing team captain of the acting captain.
- 3.01 (g) Lineups must be exchanged simultaneously a minimum of 5 minutes prior to the scheduled start of the first line. All 1st round players should be on their assigned courts ready to play. Matches must be played as exchanged in the lineup. For exceptions see 3.01(h) through 3.01(j) and *USTA League Regulations* 2.01C(5)
- 3.01 (h) Fifteen-minute default rule:
- (1) No line shall begin match play prior to the 15 minute default time if any other scheduled player is absent unless both captains agree to proceed. (Also see 3.01(i) and 3.01(l) 4). Players must be present and ready to begin the first point of individual line match play no later

than 15 minutes after the designated start time. Any player(s) arriving more than 15 minutes late after match start time will be automatically defaulted. Should one or more players from both teams in a given individual line match be defaulted by this 15 minute rule, the match shall be recorded in TennisLink as a double-default (i.e., 0 - 6, 0 - 6 for both teams). See the Glossary entry for the Fifteen Minute Default Rule.

- (2) If an individual line match results in a default due to this 15-minute rule, the match may be played for fun (i.e., no recorded score) only if it can be done so without any possibility of affecting the start of subsequent individual line matches or the completion of the team match. To assure this, any such fun match will be a timed match:

- (A) If an early line, it must end precisely at the time the court is scheduled for a later individual line match; no completion of an in progress game is allowed.

- (B) If a late line, it must end no later than the completion of the final point of the last scheduled individual line match played.

- 3.01 (i) Once lineups have been exchanged, players cannot be moved on the lineup from one line to another. No player may be replaced or substituted except under the following conditions:

- (1) A player becomes ill or injured prior to the first point being played in that individual line match, and an eligible replacement (one not already listed on the lineup) can be made within the default time.
- (2) A player is not present and an eligible replacement (one not already listed on the lineup) can be made within the default time.
- (3) A team has only one player each for two lines of doubles, those players may then combine and play at whichever line is the highest of the two on the originally scheduled lineup.
- (4) A player or doubles team is defaulted under the 15-minute rule at a higher Line and there is a player or players available on that team's exchanged lineup at the lowest scheduled line that can move up and complete the higher-level match.

- 3.01 (i) It is the responsibility of the team captains or acting captains to ensure their players are playing the correct lines on the courts assigned by the home team. Home team captains are encouraged to write the assigned court numbers on their lineup sheet. If a player or player(s) are on the wrong court and the discovery occurs before the first game of all matches affected has been completed, players are to go to the correct courts and begin the matches over. If the discovery occurs after the first game is completed, the matches will be completed as started and count as matches played in good faith.

- 3.01 (k) Team captains may request photo identification of players.

- 3.01 (l) Team matches:

All team matches will be scored best two out of three sets, with the third set, if required, being a 10-point match tiebreak. Also see the Glossary entry for Match Tiebreak.

- (1) Leagues playing regularly scheduled matches on weekday evenings

and weekends may use “no ad” scoring. Leagues playing regularly scheduled matches on weekday mornings will use standard, “ad” scoring.

- (2) The Coman tiebreak procedure will be followed for both the set tiebreak and match tiebreak. Also see the Glossary entry for Coman Tiebreak Procedure.
 - (3) On court warm ups will be strictly limited to no more than 10 minutes other than as defined in item 3.01(h)(1), and in no case shall the warm up continue more than 15 minutes past the designated start time of the individual line match. Also see “The Code” items 3 and 4; *USTA League Regulations* 2.01(C)5; and the Glossary entry for Warm Up.
 - (4) The “spin” for serving/receiving or choice of side shall be done prior to warm-up.
- 3.01 (m) The home team is responsible for providing one can of new championship quality, Type 2 USTA approved yellow tennis balls per individual line match to be played. The use of any USTA “transition” ball is prohibited.
 - 3.01 (n) The home team is responsible for all players’ facility fees, including, but not limited to parking and court fees.
 - 3.01 (o) All matches are unofficiated and no linesmen or umpires will be provided or allowed. “The Code” *The Players Guide for Unofficiated Matches will be followed.*
 - 3.01 (p) Children or pets must be supervised at all times by someone not participating on-court in a match.
 - 3.01 (q) Home teams must provide ice and water. All facilities must have restrooms available to players.
 - 3.01 (r) Cell phones must be silenced. Resultant interruptions will be subject to the USTA Point Penalty system. Also see the *ITF Rules of Tennis* item 26, USTA comment 26.3, and *USTA Regulations* IV.D.

3.2 COACHING AND SPORTSMANSHIP

- 3.02 (a) No coaching is permitted.
- 3.02 (b) The server shall announce the game score before the first point of a game and the point score before each subsequent point of the game. If there is disagreement over the score, it shall be resolved by one of the following methods, listed in order of preference:
 - (1) Count all points and games agreed upon by the players and replay only disputed points or games
 - (2) Play from a score mutually agreeable to all players
 - (3) Spin a racquet or toss a coin
- 3.02 (c) Spectators may not aid players in making a line call or in determining the correct score. A spectator is any person not playing the match; this includes team captains, teammates, and players on adjacent courts.
- 3.02 (d) Spectators may quietly watch a match in progress. They shall not stand or sit on

the court, which includes benches or seating areas designated for use by players. Spectators are never allowed on an active court unless rendering aid to a physically injured player.

3.02 (e) It is the responsibility of the captains to control the behavior of their teams and teams' spectators. Loud, boisterous, or unsportsmanlike behavior is unacceptable. If a problem arises, players should ask the spectator to refrain from the offensive behavior. If the behavior persists, the team captains should be summoned to handle the situation. If necessary, a grievance should be filed. Disputes should be settled between players as soon as they arise. All points played in good faith will stand. Players are to resolve any dispute themselves. If they cannot, they shall do the following :

- (1) The player will inform the opponent of the problem and intention to leave the court to obtain the assistance of the team captain. Racquets should be left on the court if a player must leave the court.
- (2) The captain shall contact the opponent's captain and they will try to resolve the dispute. If one or both captains are involved in playing a match, the players may have to cease their play until the captains are available to assist them, or follow rule 3.02(f)(3)(A), below.
- (3) If the captains and players cannot agree on resolution to a conflict, the offended player(s) may either:
 - (A) Continue to play the match, but do so under protest. The score and who was serving at the time of the protest must be indicated on the scorecard with the annotation, "played under protest" and signed by the captains. At the conclusion of the match, the offended player(s) may or may not file a grievance. If no grievance is filed, the results of the match stand as played.
 - (B) Stop play, ensuring both captains and the opponents know why. Indicate on the scorecard that the match was stopped in protest, note the score and who was serving at the time the match was stopped. Both captains should sign the scorecard. The offended player or the player's captain should file a grievance. If no grievance is filed within the required timeframe, the match will be scored as a retirement by the offended player. All points played will be recorded in TennisLink. For information about grievances and the grievance process, see Section 5.00.

3.3 POSTPONED, SUSPENDED, AND DELAYED MATCHES

3.03 (a) Postponed team matches prior to any individual line match commencement:

- (1) Without prior permission from the NoHo League Coordinator, do not postpone for rain until the day of the match, and not earlier than three (3) hours prior to the scheduled start time or at a time mutually agreed upon between the two captains.
- (2) The home team captain is responsible for determining court conditions and court playability, and for communicating them to the

visiting team captain. Both team captains shall attempt to reach a mutual agreement regarding match postponement. If mutual agreement cannot be achieved, the home team captain will make the final decision.

3.03 (b) Suspended matches after any individual line match has begun:

- (1) Incomplete matches must be continued by the same players and resumed at the exact place—set, game and point—they stood when play was suspended.
- (2) Defaults from the originally exchanged lineup will stand.
- (3) Substitutions of eligible players may be made in individual lines if play had not begun on those lines.
- (4) If the team captains cannot agree on a date to complete the suspended individual line match within required time frames—see 3.03(d) - the team captains must contact the League Coordinator, who will select a makeup date. If one team is unable to agree to the makeup date set by the League Coordinator, that team will take the loss and the match will be recorded with a status of “Retired” in TennisLink; all games previously played in good faith will stand. If neither team is able to agree to the makeup date set by the League Coordinator, the match will be recorded as a default for each team.

3.03 (c) Delayed matches:

- (1) If both team captains do not agree to suspend play, both teams (all players to play that team match) must be available at the site for 30 minutes beyond the scheduled match start time. After that period, if the courts remain unplayable, the match is automatically suspended.

3.03 (d) Rescheduling:

- (1) Team captains will have 48 hours to initiate negotiations to reschedule a postponed or suspended match.
- (2) Team captains have five (5) days to notify the League Coordinator of the rescheduled date via the Rain Makeup Report found on the nohousta.com website. BOTH captains will file the makeup report. If only one captain files the report, the dates and times in that report shall stand. Once a makeup match has been rescheduled, teams are committed to play on that date. If a match has not been rescheduled within (5) five days, the League Coordinator will have discretion to select a makeup date.
- (3) Postponed or suspended matches must be played within, and scores recorded within, 14 days of the postponement/suspension or by the deadline set by the Local League Coordinator. If mutually agreed by both team captains, postponed/suspended matches may be completed at a different facility.

3.4 TEAM MATCH SCORING

3.04 (a) Team results and standings:

- (1) Team match results and standings for all USTA leagues will be determined, whether in round robin or single elimination competition, first by number of team matches won. In the event of a tie, the tie shall be broken by the first of the following procedures that does so:
 - (A) Winner of the most individual lines.
 - (B) Winner of the most head-to-head team matches.
 - (C) Loser of the fewest number of sets.
 - (D) Loser of the fewest number of games.
- (2) TennisLink will maintain the accurate team standings. Teams that have not completed all regular season matches before a playoff deadline will not be included in the playoff schedule. All regular season matches must be played, completed, and scores entered into TennisLink in order to calculate standings.

3.04 (b) Recording team match results:

The home team captain shall enter match results in TennisLink within 24 hours of the conclusion of the final individual line match. If the home team has not entered the scores within 24 hours, it becomes the responsibility of the visiting team captain to enter the match results in TennisLink within 48 hours of the conclusion of the final individual line match. The team that does not enter the match results is responsible for ensuring the match results have been correctly entered in TennisLink. Match results must be confirmed in TennisLink within 48 hours after the conclusion of the final individual line match

3.04 (c) Disputing team match results:

- (1) Match results entered incorrectly may be disputed. When the results are entered the objecting captain has 48 hours to dispute the results. TennisLink automatically confirms results 48 hours after the results are entered. Failure to dispute results within the time allowance will forfeit an individual's right to protest. Modifications or corrections to scores must be made by the Local League Coordinator.
- (2) Following initiation of a dispute in TennisLink, the team captain initiating the dispute shall:
 - (A) Confirm the scoring discrepancy with the opposing captain.
 - (B) Email the League Coordinator with the desired change and include the TennisLink match identification number and the correction needed.

3.5 FORFEITS, DEFAULTS, AND RETIREMENTS

3.05 (a) An individual default occurs when a player fails to appear on time, or is disqualified by eligibility or other reasons unless substitution as specified under Section 3.01(i) can be applied.

- (1) If a team defaults an individual line of play due to the 15-minute default rule, the team receiving the default must have players present and ready to play the individual line match being defaulted.

- (2) If a team captain knows in advance that an individual line match must be defaulted due to lack of player availability, he or she must notify the opposing captain no later than three (3) hours before the scheduled start time of the team match. Habitual violators of this rule will be considered using gamesmanship and are subject to penalties or suspension from league play.
- (3) Unless a team match is postponed under 3.03(a), once advance notification of a line default is given, the default stands; the team receiving the default is not required to have players present to play that individual line match.

3.05 (b) For the purpose of determining standings, individual defaults will be scored as a 6-0, 6-0 win for the player or doubles team receiving the default and a 0-6, 0-6 loss for the player or doubles team that defaulted the match. In the event of a default by both players or doubles teams, both sides will be given a 0-6, 0-6 loss and neither receives credit for a win.

3.05 (c) A team must have a minimum number of eligible players available for play in each team match in accordance with the table below or the entire match must be defaulted. The maximum number of positions that may be defaulted without defaulting the entire match is also noted. When defaults are necessary, the order of the defaults, whenever possible, shall be determined by the team captain in accordance with the table below (also see 3.01(g) through 3.01(i) for information pertinent to defaults after lineups have been exchanged):

Figure 4: Allowable individual line match defaults before team default

3.05 (d) If a team defaults an entire team match for any reason during round robin play, that team is ineligible to continue play at that championship or in that league. All matches of the defaulting team already played shall be null and void when

determining standings but will be used for ratings and advancement purposes. If all teams with a mathematical chance to advance have played the defaulting team in good faith, those matches shall stand as played when determining standings. See *USTA League Regulations* item 2.03L, and *USTA Texas Section Operating Procedures* item 7.

3.05 (e) Retirement

- (1) A retirement occurs when an individual line match has started and a player/doubles team is unable to continue due to injury, loss of condition, emergency, or refusal to play. In case of a retirement, for the purpose of determining standings the non-retiring player/doubles team shall be credited with such number of additional games as would have been won if the match was completed and the non-retiring player/doubles team won every subsequent game. For NTRP computer data entry in TennisLink, mark as retired and submit actual scores of match at the point of retirement.

4.0 CHAMPIONSHIPS

4.1 POST-SEASON PLAY

- 4.01 (a) Post-season and/or championship play may be offered to NTRP levels (flights) and age groups that contain more than one sub flight.
- 4.01 (b) Post-season and/or championship information will be sent to all captains at the beginning of each league season.
- 4.01 (c) Post-season and/or championship play will follow the procedures described in section 2.03 of the *USTA League Regulations*.

4.2 ELIGIBILITY

- 4.02 (a) To be eligible to participate in post-season or championship competition, all players must have two match results entered into TennisLink during the Local League season unless otherwise specified on the nohousta.com website. One result may be a win by default.
- 4.02 (b) Post season and/or championship play may include wildcard teams.

4.3 MULTIPLE LEAGUES PROGRESSING TO THE SAME CHAMPIONSHIP

- 4.03 (a) The USTA Texas Section allows multiple league play within cities in the Section provided the team captains and players abide by the local rules for the leagues in which they participate. The purpose of allowing multiple league play is to encourage more USTA adult participation. Per the 2019 Texas Section Operating Procedures, **the Texas Section allows a player to play on more than one team at a Sectionals event, provided they are at different NTRP levels. However, there will be no special scheduling for that player or team.**

For purposes of these rules, "League" represents a distinct calendar of play with start and end dates (a season); which plays on a specific day and/or time; which has specific NTRP eligibility requirements; and which is of a specific Age Group. All conditions must be

met to constitute a separate league. For example, a ladies' NTRP 4.0 USTA 18 & Over league playing on Monday mornings is distinct from the same level and Age Group playing on Wednesday mornings. A player may participate in each of these leagues, but may not be a member of two teams at the same NTRP level in the same Age Group that both play on Wednesday. The following rules apply to participation in multiple USTA leagues that advance to the same championship progression, whether Local, Area, Sectional, or National:

- 4.03 (b) When a player is involved with more than one Community Tennis Association, they must abide by the fees, rules, and boundaries of each organization.
- 4.03 (c) A player may be on as many teams as he or she is otherwise eligible, provided participation is not on two teams that: play during the same season on the same days/times, and at the same NTRP level and Age Group.
- 4.03 (d) If there is more than one league, or flight within a league, at a given NTRP level and Age Group, the team to advance to the Texas Sectional Championships shall be determined by the NoHo Local League Playoffs.
- 4.03 (e) **When a player's NoHo team qualifies for the Texas Sectional Championships by way of the NoHo Local League Playoffs, she may not participate in any other Local League playoffs on a team at the same NTRP level. Likewise, if a player has qualified for the Texas Sectional Championships with a team in any other Local League, she may not participate in the NoHo Local League playoffs at the same NTRP Level.**
- 4.04 (f) Players on a NoHo team that proceeds directly from local league play to the Texas Sectional Championships without requirement of a local league championship (e.g., insufficient number of teams to hold a playoff) may participate in another local league's playoffs on any other of their qualifying teams. However, if that team wins the local league playoffs, they must advance to the Texas Sectional Championships with that team and not the team that had already qualified **unless the teams are at different NTRP levels.** Players should verify what the other local leagues rules allow for. NoHo has no authority over other local league rules.
- 4.03 (g) If a player is on a team that wins a Local League Playoff and she does not participate in those playoffs, she may join that team at the Texas Sectional Championship providing she did not participate in any other Local League Playoffs **at the same NTRP Level** and qualify for the Texas Sectional Championships.
- 4.03 (h) When a team qualifies for the NoHo Playoffs and 50% or more of it's the players on it's roster are on a team's roster that has already qualified for or subsequently qualifies for another local league championship the following shall apply: The NoHo team must make a declaration as to whether or not they will participate in the NoHo playoffs within 24 hours after the second playoff qualification occurs. If the team does not declare for the NoHo playoffs, their spot will be given to another NoHo team based on their standing in the league.
- 4.03 (i) Any other situation regarding play in multiple leagues progressing to the same championship will be resolved by the League Coordinator(s) for the appropriate Community Tennis Association(s). Standards for the filing of grievances apply (see Section 5.00 below).

5.0 VIOLATIONS, GRIEVANCES, AND PENALTIES

5.1 SCOPE

- 5.01 (a) Any situation not covered in these league rules will be settled at the discretion of

the team captains, League Coordinator, or the NoHo USTA or HTA Discipline and Grievance Committee, in that order.

- 5.01 (b) A team or player violating NoHo or USTA regulations, standards of conduct, fair play, or good sportsmanship is subject to disciplinary action as deemed necessary.
- 5.01 (c) The NoHo USTA or HTA Discipline and Grievance Committee will determine if any violations have occurred after reviewing a grievance. The Discipline and Grievance Committee has the power to dismiss or deny a grievance, or to direct the correction of any violations by reasonable means including but not limited to, the suspension of an individual or team. This is applicable to any party to the grievance so long as such party has been given the opportunity to review the grievance and present evidence.
- 5.01 (d) The rulings of the Discipline and Grievance Committee will stand unless any party materially affected by the decision files an appeal to the HTA Executive Director within seven (7) calendar days of the ruling's publication. Such an appeal will be heard by the Local Grievance Appeal Committee.
- 5.01 (e) The Local Grievance Appeal Committee has the power to affirm, modify, remand for cause, or reject the decision of the Discipline and Grievance Committee. The Local Grievance Appeal Committee shall not impose a harsher penalty than that imposed by the Discipline and Grievance Committee. For the purpose of clarification, should the Discipline and Grievance Committee elect not to impose a penalty, the Local Grievance Appeal Committee may not impose a penalty; however, the Local Grievance Appeal Committee may, for cause, remand the matter to the Discipline and Grievance Committee for reconsideration.
- 5.01 (f) Decisions of the Local Grievance Appeal Committee are final and binding except with regard to suspensions of individuals or teams from USTA play for a period of 12 months or more; suspensions of 12 or more months that affect USTA play may be appealed further to the USTA Texas Section.
- 5.01 (g) Grievances concerning NTRP ratings, including complaints regarding self rated players, must be filed with the USTA Texas Section.

5.02 FILING A GRIEVANCE

- 5.02 (a) If a grievance against an individual or team arises out of participation in NoHo USTA league offering, the grievance may only be filed by (a) the team captain of the team that has competed in the match where the alleged violation occurred; (b) a league coordinator; or (c) a member of a Championship Committee. The exception is for Administrative Grievances, Eligibility Grievances and NTRP Grievances, which may be filed as stated in *USTA League Regulations* 3.03A(2), 3.03B(3), 3.03C(3) and 3.03E(2).
- 5.02 (b) Grievances arising out of league play must be filed in writing with the League Coordinator prior to commencement of the next team match involving said player or team, or within 24 hours after the end of local league play, whichever occurs first. The grievance form may be found on the NoHo USTA website (nohousta.com) under the 'File a Grievance' tab
- 5.02 (c) An individual or team may continue to play during a grievance investigation and hearing but must understand that, if the grievance is upheld, all matches played during that time may be reversed.

Coman Tiebreak Procedure: The Coman Tiebreak Procedure requires the tiebreak to be played with the players changing ends after the first point, every fourth point thereafter, and at the end of the tiebreak. Scoring is the same as a traditional tiebreak. For additional information, see the USTA’s *Friend at Court*—Part 3: USTA Regulation I.E. (1) c.

Fifteen Minute Default Rule: Any player—or entire team—that arrives 15 minutes or more past the regularly scheduled or agreed upon start time will be defaulted. If players from both teams in a given individual line match are defaulted under this rule, the match will be recorded as a double default. For example, for USTA advancing play the HTA operates a ladies' Monday day league, a ladies' Friday day league, and NoHo operates a ladies' Wednesday day league. These are considered to be three distinct leagues.

League Committee: A committee assigned to oversee the functioning of, and make decisions regarding the direction of the organization's League tennis program. Both NoHo USTA and USTA Texas have league committees.

In Mixed Doubles, a male server serves this point to the male receiver, and the female player serves this point to the female receiver. In all other events, the receiver chooses the side from which the server must serve.

NoHo: (North of Houston) is the name for the USTA local league in the area north of Houston, including but not limited to Spring, Tomball, The Woodlands, Kingwood, Atascosita, Conroe, and Montgomery. Retirements are entered in TennisLink with the final game count for NTRP calculation purposes (e.g., 2-6, 1-3) and the system will automatically credit the individual receiving the retirement with sufficient games as to make them the winner of the match (i.e., 2-6, 6-3, 1-0) for determining standings.

Returning Player: An individual who has played in a previous Championship Year and is now going to play in the current Championship Year.

Roster: A roster is a list of the entire team.

3. Access team rosters, schedules, and standings.
4. Apply for and renew USTA memberships.

United States Tennis Association (USTA): The [United States Tennis Association](#) is a not-for-profit organization that is the national governing body for the sport of tennis.

For example, a player taking the court 10 minutes after the announced match time will have only a five-minute warm-up. Warm-up serves must also be taken at this time, not before each player's service game; taking serves "as you go" adds time to the length of a match. It is expected that players will physically prepare themselves to play (e.g., raising body temperature, dynamic stretching) off-court, prior to the scheduled start of a match. (Also see "The Code" items 3 and 4.)

Players have an opportunity to qualify for Mylan WTT National Qualifiers and the National Championship.

Year-End Rating: A published NTRP rating generated at the end of the league year.
